FINE SYSTEM OF

COUNTY ROADS

With the purpose of completing as

soon as possible a fine system of

roads on Oahu Island, the Board of

Supervisors have decided to com-

mence work on Haakeu Beach as

soon as the survey work is com-

pleted and the contract can be award-

ed. Supervisor Quinn said this morn-

ing that when the present Board

were ready to quit office, every road

on the island would be in fine shape.

"We have decided to take the \$2-

000 per month appropriated for the

Kaunaha District and apply it to the

Haakeu beach. It will take about

\$4,000 to do the work there, and I

consider the money put to better ad-

vantage there than elsewhere.

County Engineer Gere is now

through surveying Kahana and Ka-

haluu beaches, and will begin on

Haakeu at once. We intend build-

ing the road high out of the water,

in a substantial and safe way. The

other two beaches were the most

dangerous.

"We intend to let the contract for

the Haakeu beach by contract, and

will advertise for bids as soon as the

survey work has been completed. It

is my ambition before going out of of-

fice to give the people the best road

NEW CITY BLOCK

According to Senator Fairchild, who

left on the Korea Wednesday, the slow

movement of the Territorial authori-

ties is responsible for present condi-

tions prevailing on the corner of Bethel

and King streets, instead of a new

block going up.

There is an irregular piece of pub-

lic land on the corner, now decorated

by a bootblack stand and hack stand,

that has to be disposed of before any-

one can contemplate the construction

of a modern building in the vicinity.

Interests for which Mr. Fairchild acts,

own the property adjoining and were

very much disposed to put up a first

class building, if the Territory would

get the jagged corner out of the way.

The lease on the property of which

Fairchild is agent expired a few days

ago. Then was the opportunity for

construction, but the boot black stand

on public land stood in the way.

The upshot of the whole business is

that Fairchild renewed the lease of his

property to the present furniture store

occupant for another six years. The

public still owns the bootblack and

hack stand site on the corner, and the
